CONTRA COSTA COUNTY ADMIN BUILDING GOVERNMENT

PROJECT NARRATIVE

Replacing the current, outdated Contra Costa County Administration building, this four-story replacement structure is designed to be more efficient and community friendly. The building will house a variety of county departments including a large assembly chamber, offices, conference rooms, work stations and support spaces. The structure is set to achieve LEED Gold certification.

PROJECT DATA

Square Footage	71,000 ft ²
Steel Assembly Duration	25 Days
